GRADE APPEAL POLICY

If a student would like to discuss a grade appeal, he may contact Zev Lamm (extension 4378) to set up an appointment. He will explain the process and will coordinate with the Registrar's Office, which adjudicates the appeal in consultation with the appropriate faculty. Students should be aware that only in very rare circumstances will there be grounds found to adjust a grade, and that the grade review can also result in a downgrading of the grade if appropriate.
